The IMEKO Online Journal

## ACTA IMEKO: the e-journal of the International Measurement Confederation (IMEKO)

# IMEKO

### Journal

An open access journal focusing on research in measurement sciences. The journal is sponsored by the International Measurement Confederation (IMEKO).

### Focus and Scope

Acta IMEKO is an e-journal reporting on the contributions on the state and progress of the science and technology of measurement. The articles are mainly based on presentations presented at IMEKO workshops, symposia and congresses. The journal also publishes scientific articles on measurement and instrumentation not related to an IMEKO event.

### Coverage

Original and reviewed papers on instruments and measurement techniques. Contributions on any measurement topic related to crossdisciplinary field of science and technology are welcome.

### Information for authors

Instructions for manuscript preparation are available on [www.acta.imeko.org](http://www.acta.imeko.org). Authors can upload and check the status of their manuscripts online.

### Review Process

Peer-review process is run by Journal's Editor with Reviewers suggested by Section Editors. Typical period for revision is one month.

### Editor-in-Chief

Prof. Francesco Lamonaca Prof. Francesco Lamonaca,  
University of Calabria, Italy,

### Publication Frequency

Number of issues per year depends on the IMEKO events. Papers accepted for publication will be published as a special issue or section of the Conference/Workshop at which the authors have presented their work.

### Open Access Policy

The journal provides free online access to published papers without any additional cost. Access to quality research is fundamental for global exchange of knowledge.

**Print ISSN: 2221-870X**

For further information to publish on Acta Imeko, please, visit <http://acta.imeko.org/index.php/acta-imeko> or send an e-mail to the Editor in Chief.
