

IMEKO
International
Measurement Confederation

IMEKO is a non –governmental federation of 39 Member Organizations individually concerned with the advancement of measurement technology. Its fundamental objectives are the promotion of international interchange of scientific and technical information in the field of measurement and instrumentation and the enhancement of international co-operation among scientists and engineers from research and industry.

Founded in 1958, the Confederation has consultative status with UNESCO and UNIDO and is one of the five Sister Federations within FIACC (Five International Associations Co-ordinating Committee, further consisting of IFAC – International Federation of Automatic Control, IFIP – International Federation for Information Processing, IFORS – International Federation of Operational Research Societies and IMACS – International Association for Mathematics and Computers in Simulation).

The seat of the IMEKO Secretariat is in Budapest, Hungary. Secretary: Ms. Karolina Havrilla.

STRUCTURE OF IMEKO

Officers:

President – Immediate Past President –
President Elect – Secretary General –
Treasurer – Vice Presidents
Information Officer – Dr. D. Röske (Germany)

Permanent Organs:

General Council – the supreme governing body. The GC consists of one or two delegates from each Member Organization and holds yearly Sessions.

Secretariat – the executive body headed by the Secretary General. It carries out the decisions of the GC in accordance with the resolutions passed at Sessions.

Advisory Board – to formulate proposals on the policy and strategy of IMEKO, chaired by the Immediate Past President.

Technical Board – to analyze and to support the activity of the Technical Committees, chaired by the President Elect.

Drafting Committee – responsible for the Resolutions and Minutes of GC Sessions.

Credentials and Membership Committee - to confirm the validity of credential letters of GC delegates and to examine applications for membership.

FINANCES

The Member Organizations provide the financial means required for the operation of the Secretariat. The Treasurer supervises financial activities. All Officers serve on a honorary (unpaid) basis.

PUBLICATIONS

ACTA IMEKO – proceedings of the triennial World Congresses

IMEKO TC Events Series – proceedings of TC events

MEASUREMENT – 6 to 8 issues per year

IMEKO BULLETIN – semiannually

* published by Elsevier Science Ltd, Oxford.

AWARDS

Distinguished Service Award – to be bestowed upon persons for outstanding services to IMEKO, active for many years as well-known specialists in the field of measurement.

György Striker Junior Paper Award – donation of the Founder and first Secretary General of IMEKO and his wife, to be given to one junior author under 35 years of age, whose paper reflects a deep understanding knowledge of the theme of a World Congress.

TECHNICAL COMMITTEES

The activity of IMEKO is basically carried out through the Technical Committees which organize symposia, conferences, workshops, seminars, on specific topics at regular intervals; publish proceedings of events, text-books, glossaries, studies, etc. to realize the objectives set out in the Constitution and By-Laws.
