- Ph.D. In Won Lee (KRISS, Rep. of Korea)
- Prof. Dr. Eng. Yasuhiro Takaya (Osaka University, Japan)

## **TC-2 Meeting at IMEKO XVIII World Congress / Rio de Janeiro**

### **Protocol**

1. Greetings of the participants (Prof. Pfeifer)
2. Prof. Pfeifer has reported the last activities accomplished in IMEKO TC2.  
Specially, the acquisition of new important participants has been discussed.  
Prof. Pfeifer has explained the procedure to accept new participants, where the new members have to be approved by the IMEKO General Council (next meeting in Paris, 5<sup>th</sup> - 7<sup>th</sup> September 2007).
3. Two places for the next IMEKO TC2 Symposium have been discussed
  - a. Prague in Czech Republic
  - b. Japan or Korea (KRISS Institute)
4. Mr. Lee has reported that the "Newrad Conference" involving Radiometry, Photometry, Optical Metrology etc. was last time in Switzerland and the next

...

one will take place in CRISS Institute in Korea on October 2008. Mr. Lee suggested the combination of this event with the TC2 Symposium. However, this option was rejected, considering the time required for such synchronization with the IMEKO General Council.

5. The members agree on organizing the next IMEKO TC2 Symposium in April/May 2008 in Prague. For this event, Prof. Pfeifer will get in contact with the TC2 Participants for the organization. New members of TC2 from ASIA will be invited to this event, in order to prepare the necessary conditions for another possible TC2 Symposium in JAPAN / KOREA in 2010.
6. Prof. Pfeifer reported that the next IMEKO World Conference will be in 2009 and may take place in Czech Republic, Portugal or Egypt. The IMEKO has selected in the final meeting Portugal as the location for the next IMEKO World Congress.
7. Prof. Pfeifer has acknowledge all the participants of the TC2 Meeting
8. Action plan:
  - Prof. Pfeifer will update the list of new TC2 members and sent it by email to all members
  - Prof. Pfeifer will talk with the TC2 members in Czech Republic, in order to start the organization of the next TC2 Symposium

Prof. Dr.-Ing. Tilo Pfeifer  
Aachen,
